

# SELAMAWIT MESFIN

Information Systems Student | Junior Web Developer

 selishama23@gmail.com |  Bahir Dar, Ethiopia |  LinkedIn |  GitHub

## EDUCATION

**B.Sc. in Information Systems**

08/2024 – Present

Bahir Dar University (BDU)

- **CGPA: 3.32** (3rd Year Student)
- Relevant Coursework: Internet Programming, Event-Driven Programming, Object-Oriented Programming (OOP), SAD, and OOSAD.

## EXPERIENCE

**Junior Software Developer**

12/2025 – 01/2026

Bahir Dar, Ethiopia

- Designed and implemented an **Inventory Management System** using C#, featuring a dashboard and full CRUD functionality.
- Developed local management software for the hospitality and agricultural sectors, specifically tracking sesame and soya bean exports.

## SELECTED PROJECTS

**Inventory Management System** | [GitHub Repository](#)

- **Tech Stack:** C#, .NET 10, SQL.
- Developed a professional desktop application for business tracking with a focus on efficient database management.

**Library-Management-System** | [GitHub Repository](#)

- **Course:** Object-Oriented Programming (OOP).
- Developed a system in **Java** to manage book records and member data using core OOP principles.

**OOSAD-Hotel-Booking-System** | [GitHub Repository](#)

- **Course:** OOSAD.
- Produced a comprehensive system design and analysis for a hospitality booking platform, including detailed process modeling.

**ምርጥ ጣዕም (Mirt Taem)** | [Live Demo](#)

- Created a catering marketplace system for ordering traditional Ethiopian dishes using **React** and **Tailwind CSS**.

- Built an agricultural marketplace prototype using **Next.js**, **Supabase**, and **Tailwind CSS**.

## EXTRACURRICULAR ACTIVITIES

- **Class Representative:** Information Systems Department, BDU. Serving as the primary liaison between students and faculty.
- **Anti-Drug Club Member:** BDU Poly Campus. Actively participating in awareness and advocacy programs.
- **Poly Art Club:** Involved in artistic initiatives and creative collaborations within the university community.

## ACHIEVEMENTS

- **2nd Place Winner:** Wise Women Coders Hackathon (2026). Recognized for innovative web development and teamwork.

## SKILLS

C#

Java

SQL

.NET 10

JavaScript (React, Next.js)

Tailwind CSS

System Analysis & Design

Database Management

OOP
